

# **Current Policy Successes in the TAMA**

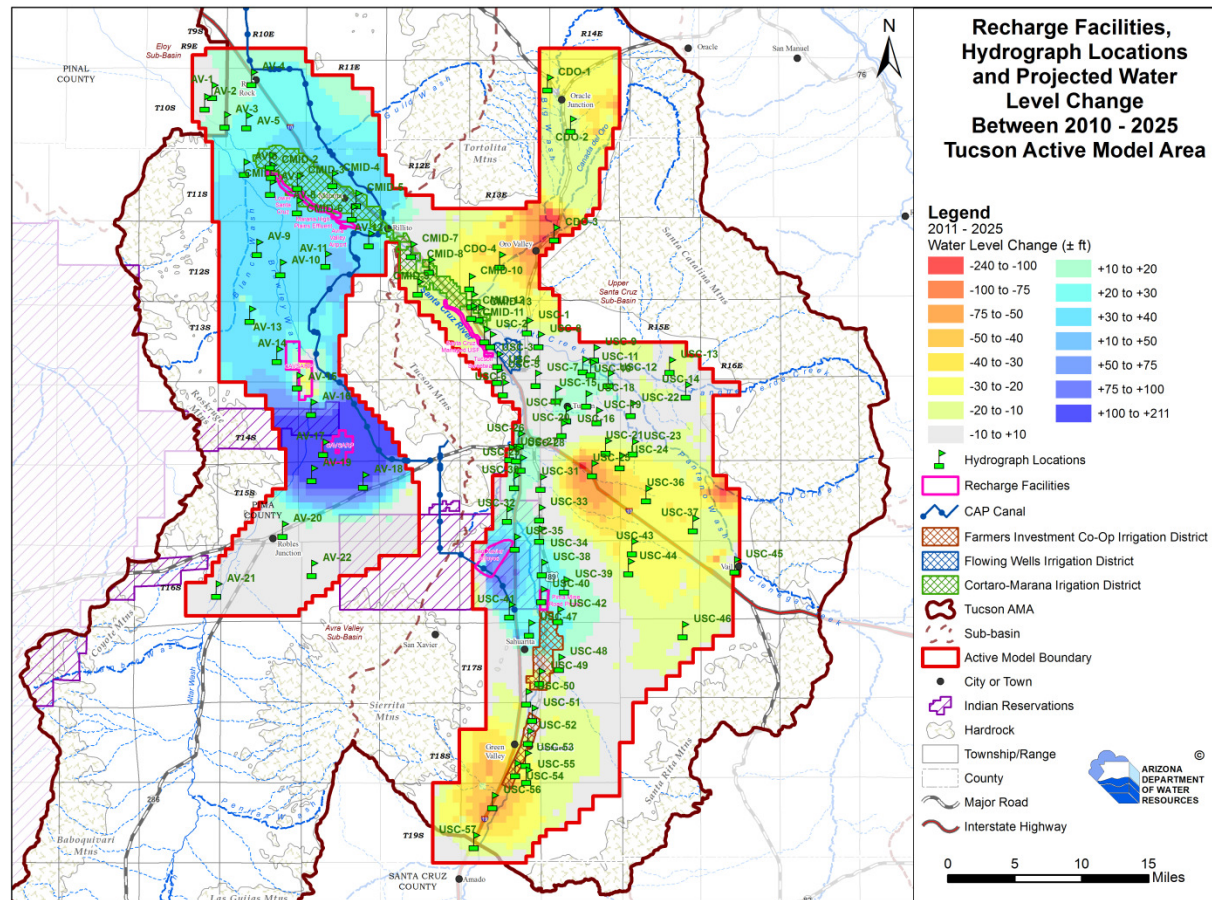

**Presented to:** The ADWR Enhanced Aquifer  
Management Stakeholder Meeting

**By:** Wally R Wilson

June 4<sup>th</sup>, 2013

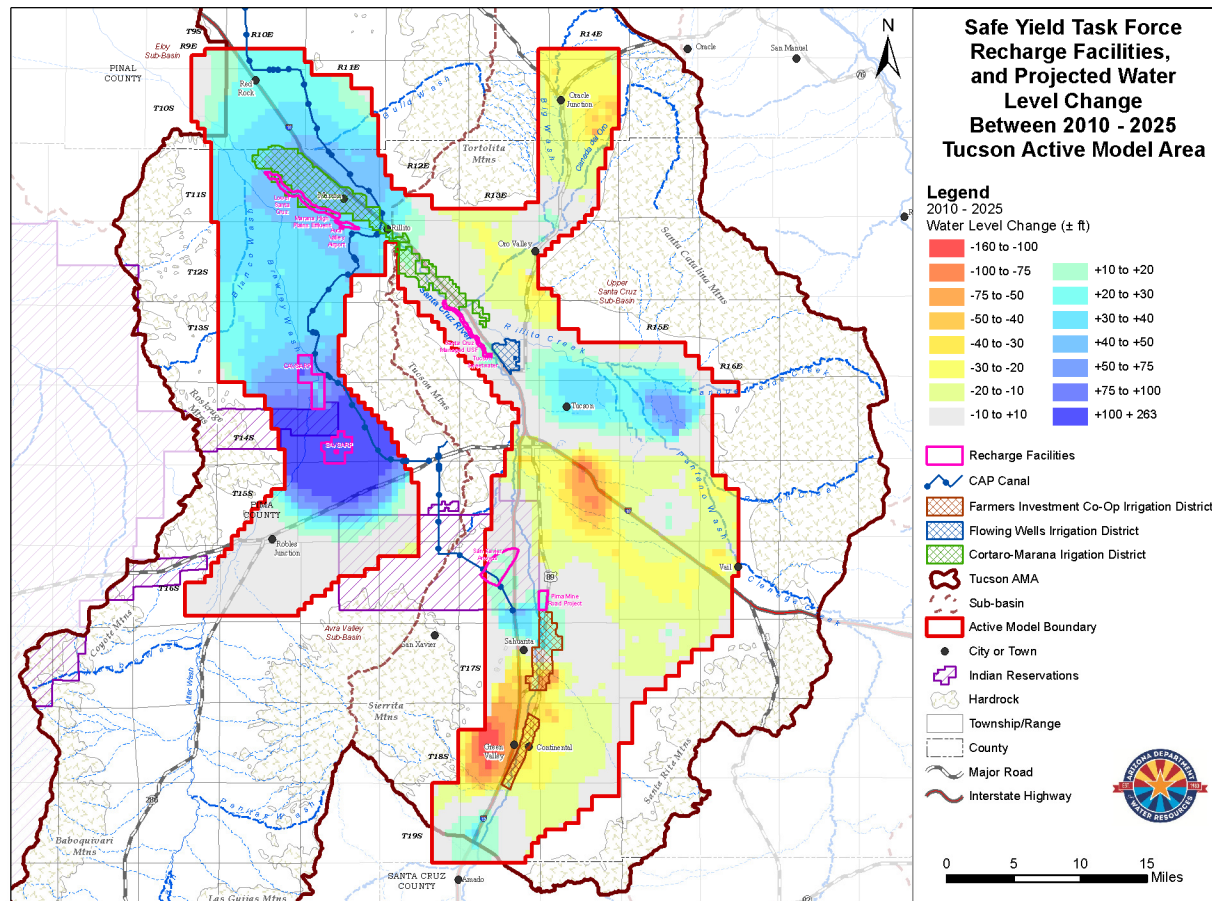

# TAMA BASE 2025 Projection

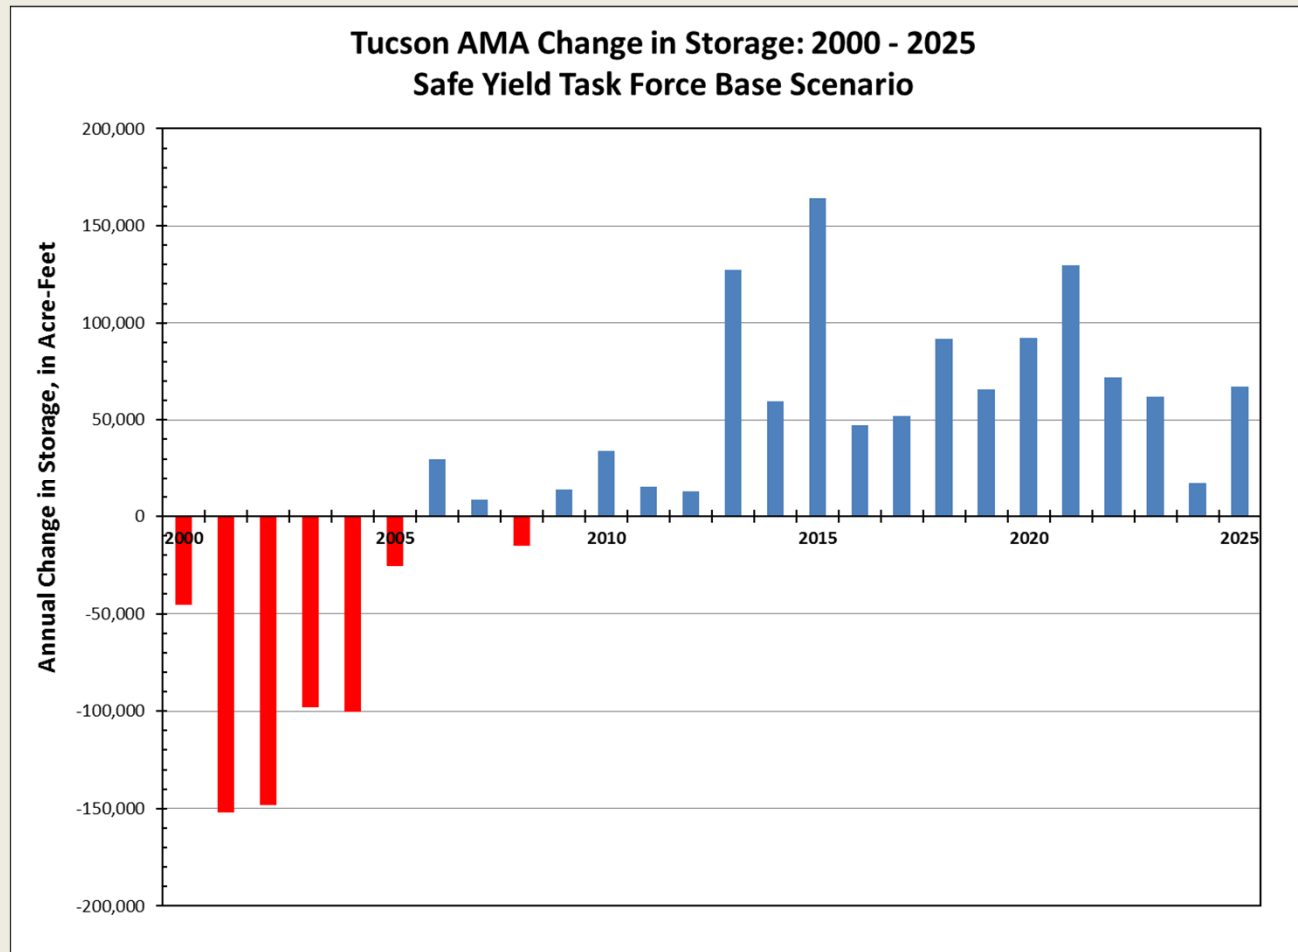

# TAMA SYTF 2025 Projection

# TAMA SYTF 2025 Projection Change in Storage

# Next Steps

- Continue Participation in this Stakeholder Process
- Contribute to the Development of TAMA 4<sup>th</sup> Management Plan
- Continue to Develop Water Accounting Areas Similar to Sub-Basin Delineations
- Continue Regional Cooperation within the TAMA and with other AMA's to address the impacts of groundwater pumping

## Bottom Line

The current policies have incentivized Regional Cooperation in the TAMA addressing areas of water level declines. The proposed policy may disincentive future purchases of renewable supplies and/or limit future infrastructure projects needed to reverse water level declines.
